

Tamás Kovács

Front End Developer

✉ kovacs.tamas0408@gmail.com ☎ +36305686797

🖱 <https://tkwebdev.eu/> **in** LinkedIn GitHub 📍 Budapest, Hungary

I'm a self-taught, highly motivated front-end developer. I'm a good team player but I can work on my own, as well. I have experience with front-end development, mainly use ReactJS and JavaScript, but I'm eager and open to learn new technologies.

HARD SKILLS

- HTML5
- CSS3
- TypeScript
- JavaScript
- SASS
- GIT / Github
- React
- Bootstrap
- Python

RECENT PROJECTS

Hodler Checker, https://github.com/tamaskovacs0408/crypto_app

You can check the current prices, 24H volume, market cap, circulating supply, ath price and date of the first 30 ranked crypto currencies.

Docs App, https://github.com/tamaskovacs0408/docs_app

With this React app you can create, edit and delete documents which are shared public.

Portfolio Website, <https://github.com/tamaskovacs0408/portfolio>

This is my portfolio website where you can reach my other projects.
